## **INDEPENDENT AUDITORS' REPORT**

To the Board of Directors  
G.W. Sherwold Associates, Inc.  
Lake Forest, California

We have audited the accompanying balance sheet of G.W. Sherwold Associates, Inc. as of January 31, 2008 and the related statements of income, stockholders' equity, and cash flows for the year then ended to be filed pursuant to rule 17a-5 under the Securities Exchange Act of 1934. These financial statements are the responsibility of the Company's management. Our responsibility is to express an opinion on these financial statements based on our audit.

We conducted our audit in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audit provides a reasonable basis for our opinion.

In our opinion, the financial statements referred to above present fairly, in all material respects, the financial position of G.W. Sherwold Associates, Inc. as of January 31, 2008, and the results of its operations and its cash flows for the year then ended in conformity with accounting principles generally accepted in the United States of America.

Our audit was conducted for the purpose of forming an opinion on the basic financial statements taken as a whole. The information contained in Schedules I, II, and III is presented for the purpose of additional analysis and is not a required part of the basic financial statements, but is supplementary information required by rule 17a-5 under the Securities Exchange Act of 1934. Such information has been subjected to the auditing procedures applied in the audit of the basic financial statements and, in our opinion, is fairly stated in all material respects in relation to the basic financial statements taken as a whole.

**G. W. SHERWOLD ASSOCIATES, INC.**

**NOTES TO FINANCIAL STATEMENTS**

**JANUARY 31, 2008**

**NOTE A -- BUSINESS DESCRIPTION AND SIGNIFICANT ACCOUNTING POLICIES**

This summary of significant accounting policies of G. W. Sherwold Associates, Inc. (the Company) is presented to assist in understanding the Company's financial statements. The financial statements and notes are representations of the Company's management who is responsible for the integrity and objectivity of the financial statements. These accounting policies conform to generally accepted accounting principles and have been consistently applied in the preparation of the financial statements.

**Business Description** -- G.W. Sherwold Associates, Inc. is a SEC Registered Investment Advisor and a NASD broker/dealer of securities, in accordance with Section 15(b) of the Securities Exchange Act of 1934, as amended. In May, 1997, it became licensed by the National Association of Securities Dealers. The Company acts as a correspondent with a re-introducing firm that in turn has an agreement with another organization that facilitates clearing transactions. Transactions are introduced on a fully disclosed basis, and all books and records pertaining thereto are maintained pursuant to SEC Rule 17a-3 and 17a-4. The Company is located in Lake Forest, California and does business primarily in South Orange County.

**Cash and Cash Equivalents** -- For purposes of the balance sheet and statement of cash flows, the Company considers all unrestricted investment instruments purchased with a maturity of three months or less to be cash equivalents.

**Commissions Receivable** -- Commissions receivable is recorded at the amount the Company expects to collect on balances outstanding at year-end. Management closely monitors outstanding balances and write-offs, as of year-end, all balances that have not been collected by the time the financial statements are issued.

**Allowance for Doubtful Accounts** -- The Company has adopted the allowance for doubtful accounts method of accounting for losses from uncollectible accounts in accordance with generally accepted accounting principles. Under this method, an allowance is provided based on historical experience and management's evaluation of outstanding accounts receivable at the end of each year. The balance in the allowance account is zero at January 31, 2008.

**Property and Equipment** -- Property and equipment are carried at cost. Depreciation of property and equipment is provided using the straight-line method for financial reporting and the modified accelerated cost recovery system for federal income tax purposes. Expenditures for major renewals and betterments that extend the useful lives of property and equipment are capitalized. Expenditures for maintenance and repairs are charged to expense as incurred.

**Accounting Estimates** -- The preparation of financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

G. W. SHERWOLD ASSOCIATES, INC.

NOTES TO FINANCIAL STATEMENTS

JANUARY 31, 2008

**NOTE A -- BUSINESS DESCRIPTION AND SIGNIFICANT ACCOUNTING POLICIES**  
(Continued)

**Concentration of Credit Risk** -- The Company minimizes its credit risk associated with cash by utilizing high credit quality financial institutions. Throughout the year ended January 31, 2008 the Company had deposits at a financial institution in excess of the federally insured limit of \$100,000.

**Income Taxes** -- The Company is treated as a "C" corporation under applicable provisions of the Internal Revenue Code. Income taxes are provided for the tax effects of transactions reported in the financial statements and consist of taxes currently due plus deferred taxes related primarily to differences between using the cash basis method of accounting for income tax reporting and the accrual method of accounting for financial reporting purposes. The deferred tax assets and liabilities represent the future tax return consequences of those differences, which will either be taxable or deductible when the assets and liabilities are recovered or settled. There were no deferred tax assets or liabilities as of January 31, 2008.

**Fair Value of Financial Instruments** -- The carrying amount of the Company's financial instruments, which include cash, accounts and other receivables, investments, prepaid expenses, and accounts payable and accrued expenses approximates their fair value due to the short period to maturity of these instruments.

**Comprehensive Income** -- The Company accounts for comprehensive income in accordance with Statement of Financial Accounting Standards No. 130, "Reporting Comprehensive Income" (FAS 130), which requires comprehensive income and its components to be reported when a company has items of comprehensive income. Comprehensive income includes net income plus other comprehensive income (i.e., certain revenues, expenses, gains, and losses reported as separate components of stockholders' equity rather than in net income). At January 31, 2008 comprehensive income consisted of net income in the amount of \$95,701.

**NOTE B -- NET CAPITAL REQUIREMENTS**

The Company is subject to the Securities and Exchange Commission Uniform Net Capital Rule (SEC rule 15c3-1, which requires the maintenance of minimum net capital and requires that the ratio of aggregate indebtedness to net capital, both as defined, shall not exceed fifteen to one (and the rule of the "applicable" exchange also provides the equity capital may not be withdrawn or cash dividends paid if the resulting net capital ratio would exceed ten to one). At January 31, 2008, the Company had net capital of \$8,896, which is \$3,652 above the required net capital of \$5,244.

**G. W. SHERWOLD ASSOCIATES, INC.**

**NOTES TO FINANCIAL STATEMENTS**

**JANUARY 31, 2008**

**NOTE C -- INCOME TAXES (Continued)**

The components of income tax expense are as follows:

	<u>Federal</u>	<u>State</u>
Current	<u>\$ 2,458</u>	<u>\$ 3,663</u>

**NOTE D -- RELATED PARTY TRANSACTIONS**

The Company leases its office space on a month-to-month basis from an affiliated party for \$16,200 per month. Additionally, the Company has an agreement for the affiliated party to provide administrative services for an amount not to exceed \$24,800 per month. For the year ended January 31, 2008 rent expense and management fees amounted to \$225,000 and \$297,600, respectively.

**NOTE E -- RETIREMENT PLAN**

The Company has a defined contribution plan (401k) covering substantially all of its employees. To participate in the Plan, employees are required to have attained the age of 21 and to have completed one year of service. The Plan does not provide for matching contributions from the employer, but may make annual discretionary contributions to the Plan. For the year ended January 31, 2008 the Company made no discretionary contributions.

**NOTE F -- ECONOMIC DEPENDENCY**

The Company conducts virtually all of its operations with customers located in Southern California.

**G.W. SHERWOLD ASSOCIATES, INC.**

**Schedule 1 - Statement of Net Capital  
Pursuant to SEC Rule 15c3-1**

**JANUARY 31, 2008**

Total ownership equity		\$	255,401
Total non-allowable assets			<u>(246,505)</u>

## ACCOUNTANTS' INTERNAL CONTROL REPORT

To the Board of Directors  
G.W. Sherwold Associates, Inc.  
Lake Forest, California

In planning and performing our audit of the financial statements and supplemental schedules of G.W. Sherwold Associates, Inc. as of and for the year ended January 31, 2008, in accordance with auditing standards generally accepted in the United States of America, we considered G.W. Sherwold Associates' internal control over financial reporting (internal control) as a basis for designing our auditing procedures for the purpose of expressing our opinion on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the Company's internal control. Accordingly, we do not express an opinion on the effectiveness of the Company's internal control.

Also, as required by rule 17a-5(g) (1) of the Securities Exchange Commission (SEC), we have made a study of the practices and procedures followed by the Company including tests of such practices and procedures that we considered relevant to the objectives stated in rule 17a-5(g) in making the periodic computations of aggregate indebtedness (or aggregate debits) and net capital under rule 17a-3(a) (11) and for determining compliance with the exemptive provisions of rule 15c3-3. Because the Company does not carry securities accounts for customers to perform custodial functions relating to customer securities, we did not review the practices and procedures followed by the Company in any of the following:

1. Making quarterly securities examinations, counts, verifications, and comparisons
2. Recordation of differences required by rule 17a-13
3. Complying with the requirements for prompt payment for securities under Section 8 of the Federal Reserve Regulation T of the Board of Governors of the Federal System

To the Board of Directors  
G.W. Sherwold Associates, Inc.  
March 26, 2008  
Page Two

The management of the Company is responsible for establishing and maintaining an internal control structure and the practices and procedures referred to in the preceding paragraph. In fulfilling this responsibility, estimates and judgments by management are required to assess the expected benefits and related costs of internal control structure policies and procedures and of the practices and procedures referred to in the preceding paragraph and to assess whether those practices and procedures can be expected to achieve the SEC's above-mentioned objectives. Two of the objectives of an internal control structure and the practices and procedures are to provide management with reasonable but not absolute assurance that assets for which the Company has responsibility are safeguarded against loss from unauthorized use or disposition and that transactions are executed in accordance with management's authorization and recorded properly to permit the preparation of financial statements in accordance with generally accepted accounting principles. Rule 17 a-5(g) lists additional objectives of the practices and procedures listed in the preceding paragraph.

Because of inherent limitations in any internal control structure or the practices and procedures referred to above, errors or irregularities may occur and not be detected. Also, projection of any evaluation of them to future periods is subject to the risk that they may become inadequate because of changes in conditions or that the effectiveness of their design and operation may deteriorate.

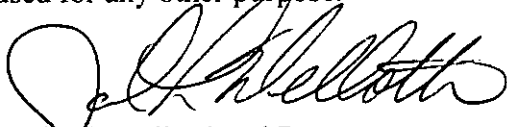

Our consideration of the internal control structure would not necessarily disclose all matters in the internal control structure that might be material weaknesses under standards established by the American Institute of Certified Public Accountants. A material weakness is a condition in which the design or operation of the specific internal control structure elements does not reduce to a relatively low level the risk that errors or irregularities in amounts that would be material in relation to the financial statements being audited may occur and not be detected within a timely period by employees in the normal course of performing their assigned functions. However, we noted the following involving the control environment, accounting system, and control procedures that we consider to be a material weaknesses as defined above. These conditions were considered in determining the nature, timing, and extent of the procedures to be performed in our audit of the financial statements of G.W. Sherwold Associates, Inc., for the year ended January 31, 2008, and this report does not affect our report thereon dated March 26, 2008.

To the Board of Directors  
G.W. Sherwold Associates, Inc.  
March 26, 2008  
Page Three

1. Although a general ledger is maintained in-house, the reporting function is performed by an outside accountant using spreadsheet software. We will ensure that the company's books reflect our audited financial statements as of January 31, 2008 and have advised the President that if the financial statements obtained from the outside accountant do not reflect the in house general ledger to request a reconciliation on a monthly basis.

We understand that practices and procedures that accomplish the objectives referred to in the second paragraph of this report are considered by the SEC to be adequate for its purposes in accordance with the Securities Exchange Act of 1934 and related regulations, and that practices and procedures that do not accomplish such objectives in all material respects indicate a material inadequacy for such purposes.

This report is intended solely for the use of the Board of Directors, management, the SEC, the NASD, and other regulatory agencies that rely on rule 17a-5(g) under the Securities Exchange Act of 1934 in their regulation of registered brokers and dealers, and should not be used for any other purpose.
